

**Second Annual Meeting on “Infectious Diseases”
Centre for Infectious Disease Research (CIDR), IISc**

Date: 23rd Nov 2017

Venue: Ground floor auditorium, Biological Sciences building, IISc

Speaker	Time	Title
Welcome address		
Chair: Prof. Umesh Varshney		
Dr.Yogesh Shouche NCCS, Pune	9.30 – 10.30	Plenary Talk: Human Gut Microbiome in Health and Disease
10.30 – 11.00 Tea Break		
Chair: Prof. Saumitra Das		
Dr. Aswin Seshasayee NCBS, Bangalore	11.00 – 11.30	Bacterial evolution in stationary phase
Dr.Arunika Mukhopadhyaya IISER-Mohali	11.30 – 12.00	Modulation of host-cellular responses by a gram-negative bacterial ligand <i>Vibrio cholera</i> porin OmpU
Dr. Anindita Ukil University of Calcutta	12.00 – 12.30	Suppression of host defence responses through PGE 2 dependent cAMP signalling during infection by the protozoan parasite <i>Leishmaniadonovani</i>
Dr. Taslimarif Saiyed COCAMP, Bangalore	12.30 – 1.00	Building ecosystem for fostering cutting-edge Life science/healthcare innovation
1.00 – 2.00 Lunch Break and Photo session		
Chair: Prof. S. Vijaya		
Dr. Rupinder Kaur CDFD, Hyderabad	2.00 – 2.30	An essential role for the phosphoinositide 3-kinase in the virulence of <i>Candida glabrata</i>
Dr. Kaustuv Sanyal JNCASR, Bangalore	2.30 – 3.00	Fungal centromeres – beyond the point
Dr. DibyenduSarkar IMTECH, Chandigarh	3.00 – 3.30	Major virulence regulators of <i>Mycobacterium tuberculosis</i> contribute to mechanisms of virulence regulation and stress response via multiple protein-protein interactions
Dr. Ashis Kumar Nandi JNU, New Delhi	3.30 – 4.00	Infection memory development in plant
Vote of thanks
