

Dr. Marsha Mary Parmar.

PhD Institution and Year : Indian Institute of Science, Bangalore. 2016

Date of Joining IISc : 1st December 2016.

Area(s) of Research : Nonlinearities in Graphene based NEMS.

Name of the Post-doctoral Fellowship : Not Applicable.

Laboratory where currently working : Mesoscopic Physics Group.

Department : Department of Physics.

Email address and Telephone number : marsha@physics.iisc.ernet.in

Topic(s) of Research : Controllable strain engineering in graphene NEMS.

Research Publications in IISc :

Parmar, M. M., Gangavarapu, P. R. Y. & Naik, A. K., "Dynamic range tuning of graphene nanoresonators". Appl. Phys. Lett. 107, 113108 (2015).

Other accomplishments and recognition while in IISc : -

What information will be useful to post-docs if it is available on the post-doc page on the IISc Website ? List the items.

If the newly joined professors in IISc would provide some information about their group/work it would be really helpful.

A tweet about your post-doctoral experience in IISc :

IISc is a great place to work as it provides enthusiastic environment for research. It also supports interdisciplinary research and allows collaborations with several other educational institutions world-wide.
