Announcements

Announcement of the Course is made in late Dec./early January that the Course is being offered, its schedule, etc.

Brief description of the course

This course is designed to help students learn to write their manuscripts, technical reports, and dissertations in a competent manner. The do's and don'ts of the English language will be dealt with as a part of the course.

Assignments will include writing on topics to a student's research interests, so that the course may benefit each student directly.

Prerequisites

None.

Syllabus

Elements of English grammar; sentences; sentence structure; proper sequencing of sentences; paragraphs and their structure; proper sequencing of paragraphs; writing the abstract of a paper; writing a paper; writing a thesis chapter.

Course outcomes

Students are expected to be able to write good sentences, draft abstracts, manuscripts, and thesis chapters

after going through the course.

Grading policy

Grades will be based on written assignments, which include writing abstracts, review papers, and technical manuscripts (all in the discipline of the student).

20% for the abstracts, 30% for the manuscripts and 50% for the review papers.

Assignments

Writing an essay in the class room, writing abstracts, technical reports and review papers.

Resources

References and well written papers provided during the course through the Course Google Group.
