

KARYASHALA - ACCELERATE VIGYAN SCHEME
HIGH-END WORKSHOP ON

ADVANCED TECHNIQUES IN LIVE CONFOCAL MICROSCOPY

*Mark your
calendar!*

Feb 20th – 26th 2022

Venue: Bio-Imaging Facility

Division of Biological Sciences

Indian Institute of Science, Bangalore

- To train Masters, PhDs and Post-doctorates on the basic aspects of microscopy, live cell confocal imaging.
- To provide exposure to the students, from organizations who do not have access and to the high-end imaging systems.

HIGHLIGHTS

TALKS FROM MICROSCOPY EXPERTS
EXPOSURE TO HIGH-END CONFOCAL
MICROSCOPES
HANDS ON SESSIONS!

TOPICS

Basic principles of light, fluorescence, wide-field imaging, principles of confocality, point laser confocal and spinning disk microscopy, F- techniques.

Registration last date Dec 30th 2021

Registration link:

<https://forms.gle/pCUMtgFNW4i3c9dW9>

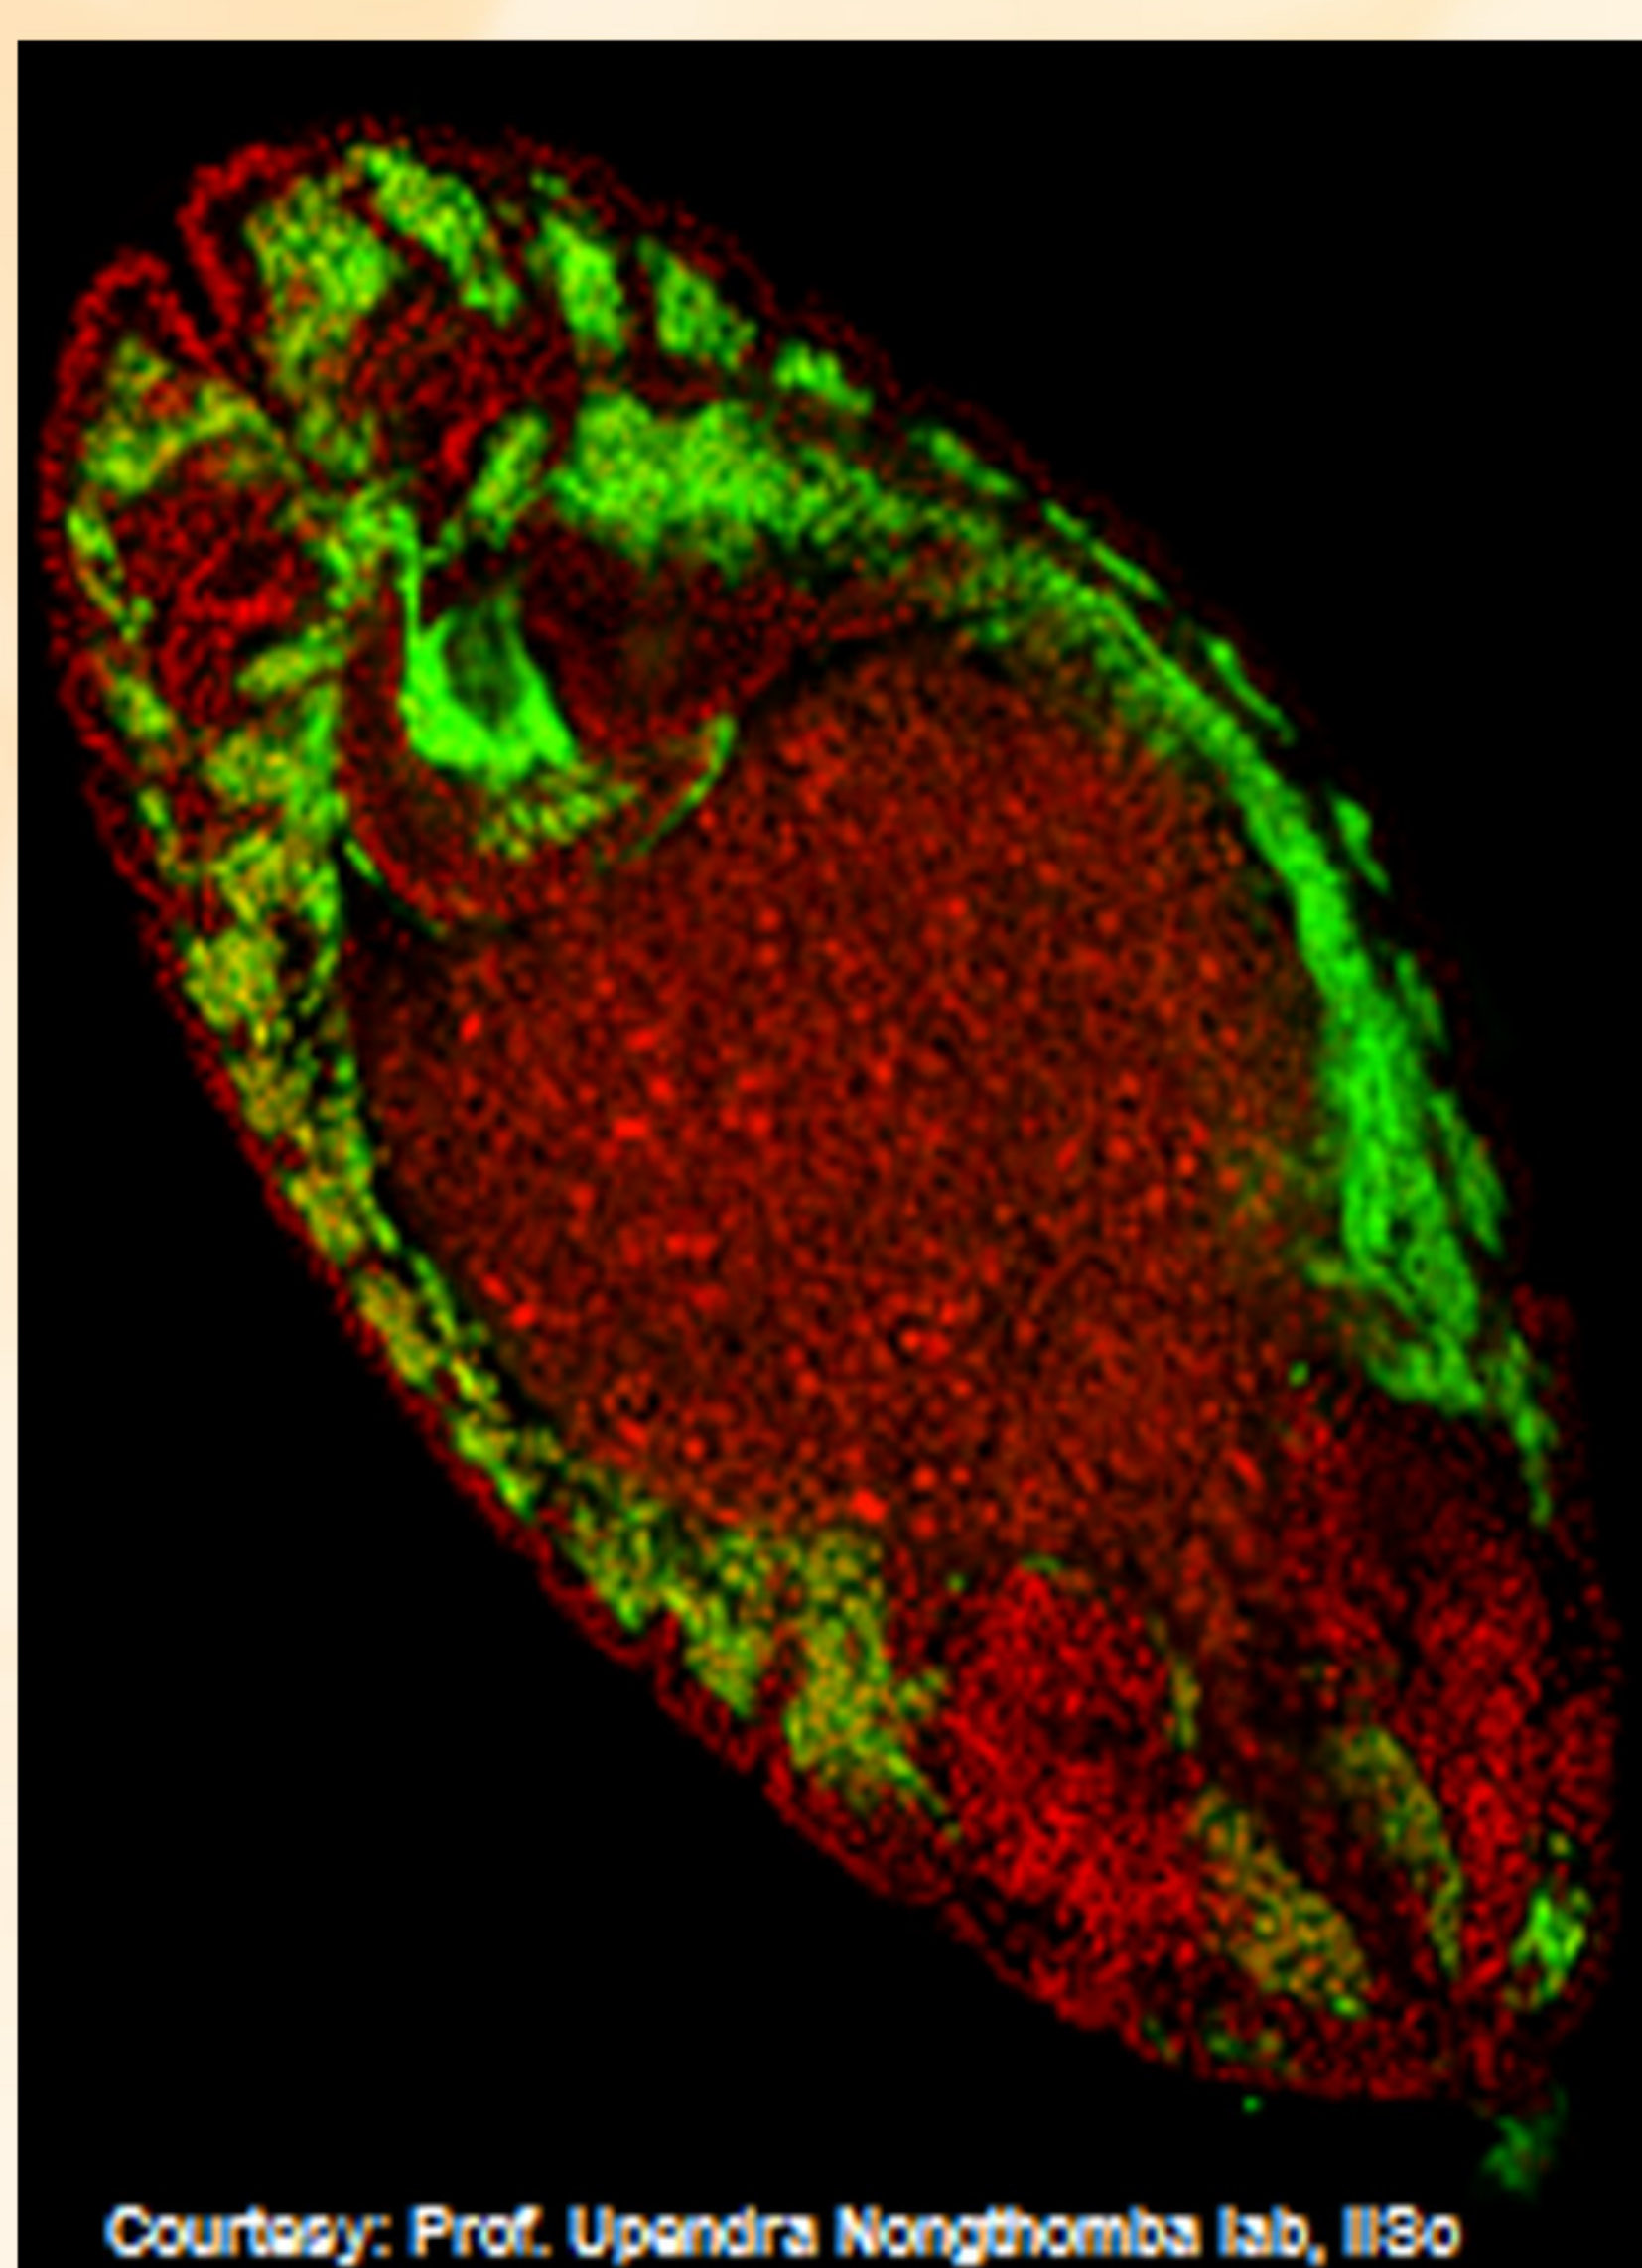

Registration fee - INR 1000

Limited to 25 participants

ACCOMMODATION AND FOOD WILL BE PROVIDED!
