

Pre bid meeting clarifications dt 15-02-2022

Name of work: Operation and maintenance of HT & LT Electrical infrastructure in IISc Campus, Bangalore.

Sl No	Queries raised by vendors	IISc reply
1	As per Page:71 and clause 33, the other agencies working in the CONTRACTORS's area of work should inform the Contractor well in advance and take suitable written permission and Permit to Work (PTW) from the CONTRACTOR site in-charge for each and every task in order to maintain the safety of equipment and staff at site. Contractor shall not be held responsible for any safety violations by other agencies working in the contractor's area.	The O&M contractor has to issue LC to other electrical agencies in the premises and coordinate with them. Every agency working in the premises has to observe the safety provisions applicable to their scope of work.
2	For consumables, the cost shall be reimbursed based on the purchase invoice with an allowable contractor profit of 10%. Pls confirm.	Already clarified in the tender document.
3	Being Principal employer, IISc will have to provide to successful bidder, the necessary documents or information required for applying Labour license.	Necessary docuemnts as per the statutory provisions will be supplied.
4	Is it required to bring OEM or their authorized service provider for hourly, daily and Monthly maintenance activities?	Any specialized maintenance activities are to be done by hiring OEM /authorized service dealer as per the tender soecifications.
