

NATIONAL SCIENCE DAY 2022

The 2.3 m Vainu Bappu Telescope in Kavalur, run by Indian Institute of Astrophysics

Bengaluru: The Astronomy City

A panel discussion with premier astronomy organisations in Bengaluru

Bengaluru offers many different ways for its inhabitants to engage with the grandeur of astronomy at every level. We bring together astronomers from research and educational institutions in the city as well as public engagement experts from the planetarium and amateur astronomy groups, to talk about opportunities for students, teachers, and the public that their organisation offers. Join us!

SUNDAY, FEB 27th

3pm to 5pm
