

# IEEE INTERNATIONAL CONFERENCE ON SIGNAL PROCESSING AND COMMUNICATIONS

JULY 11 – 15, 2022

We invite you to participate in IEEE SPCOM 2022 (<https://ece.iisc.ac.in/~spcom/2022/>).

The Fourteenth SPCOM will be held in IISc, Bangalore during 11-15 July 2022. The conference is a hybrid event. You can attend the conference in person in the pristine surroundings of the ECE department, Indian Institute of Science, Bangalore, or virtually.

The conference will feature 3 excellent plenary talks, 8 tutorials, 21 invited talks, and nearly 100 contributed papers in the broad areas of Communications, Networks, and Signal Processing.

Attendees who cannot make it can also

register and attend the conference virtually. Virtual attendees have access to all the pre-recorded contributed paper videos, live presentations of all talks and tutorials, and the conference proceedings.

This year also marks the 75th year of formation of the ECE Department of IISc. An ECE75 alumni event is planned (<https://ece.iisc.ac.in/iisc-ece75/>). Also being organized is a new high-frequency circuits and systems workshop called SPEED.

SPCOM 2022 will also feature a Graduation Day Forum where selected soon-to-graduate PhD students across India will present their work.

**8 Tutorials**  
**3 Plenary talks**

**100+ Peer-reviewed papers**  
**20+ Invited talks**
