Symposium on Big Data Algorithms for Biology (BDBIO)

(AXIS BANK CENTRE FOR MATHEMATICS AND COMPUTING)

JUNE 2 & 3, 2023
AT IISc, BENGALURU

Major topics include:

- Molecular sequence analysis
- RNA sequencing including single-cell
- Comparative and population genomics
- Cancer genomics
- Infectious diseases
- Computational systems biology
- Biological networks
- Metagenomics
- Computational proteomics, metabolomics and pharmacogenomics
- Multi-omics data integration

LAST DATE
FOR REGISTRATION

MAY 05, 2023

Contact:
bdbio23committee@gmail.com

EVENT PROGRAM:

- Invited talks from eminent scientists in academia and industry
- Poster presentations by graduate students
- Hands-on tutorials

Event webpage and registration :
www.bdbio2023.in

ALL RESEARCHERS AND STUDENTS
ARE WELCOME
