

Division of Medical Sciences
Indian Institute of Science, Bengaluru, India

Laboratory of Dr Sundar Swaminathan, Professor, Department of Nephrology, Division of Medical Sciences in the Indian Institute of Science, is seeking outstanding candidates. Details of the opening and job description are provided below.

1. Post-doctoral fellow: RA-1 level. Requirement: PhD. Salary: Rs 58,000 + 24% HRA = Rs 71,920/- consolidated per month. We anticipate the candidate to engage in cutting-edge discovery in pathophysiologic mechanisms of kidney diseases and drug discovery using 3D culture/organoid models, animal studies and human samples. The ideal candidate would be a PhD degree holder from a reputable institute with track-record of strong work ethics, technical expertise in the specified area (direct experience in kidney-related research is not required), innovative thinking, and organization skills. Supporting evidence of an outstanding track-record of publications, awards, and patents is requested.

Interested candidates, please contact swami@iisc.ac.in or drsswaminathan@gmail.com to share their most updated resume with contact details of 3 referees.
