Sub: Corrigendum to the Domestic tender Notification for the procurement of a Single Photon Counting Module with one week extension till 12.11.2024

Ref: Domestic Tender notification for the procurement of a Single Photon Counting Module (14/10/2024) Tender no. CeNSE/AMG/10/2024-25.

Document inviting bids for purchase of 2 Nos Single Photon Counting Module was uploaded on IISc website on 14/10/2024. Now, the following Corrigendum is issued:

The following new clause is added:

S. No.	Page No.	Clause No.	Specification	Essential/Optional
1.	8	15	Optical Fiber coupling (FC) option for the detector module	Optional

The following clause is modified:

S. No.	Page No.	Clause No.	Description in original document	Read as
1.	8	10	Shutter and overload protection	Overload protection circuitry to be present
1.	8	5	Timing resolution: < 250 picosecond (conditions to be specified)	Timing resolution: < 350 picosecond (conditions to be specified)

All other conditions remain unchanged.

Ambarish Ghosh,
Professor
Centre for Nano Science and Engineering (CeNSE)
