2. Preference to local bidders is not mandatory.
3. The bidder should sign and submit the declaration for Acceptance of Terms and Conditions as per -Annexure 4.
4. The Bidder must not be blacklisted/banned/suspended or have a record of any service-related dispute with any organization in India or elsewhere. A declaration to this effect has to be given as per Annexure 3.
5. Only the Original Equipment Manufacturer or their authorized representatives across the globe shall participate in the bid
6. The order will be placed only on the bidder who participated in the bid

Section 3 – Terms and Conditions

A) Submission of Tender:

1. All documentations in the tender should be in English.
2. Tender should be submitted in two envelopes (two bid system).
 - a. Technical Bid (Part-A) – Technical bid consisting of all technical details and check list for conformance to technical specifications. The proposal should contain a compliance table with 4 columns in addition to the ones in the technical requirements table that has been included with this RFQ below. The compliance table should include all the items in the same order and format. **The first column should describe your compliance in a “Yes” or “No” response. If “No” the second column should state the extent of deviation. The “third” column should state the reasons for the deviation if any.** The fourth column can be used to compare your tool with that of your competitors or provide details as requested in the technical requirements table below (suppliers who include any indication of prices in the technical bid will be automatically disqualified).
 - b. Commercial Bid (Part-B) – Indicating item wise price for the items mentioned in the technical bid, **as per the format of quotation provided in tender**, and other commercial terms and conditions. **The commercial bid should be broken up to the maximum extent possible into separate items with a cost against each (in particular the optional items) to enable better comparison of price for various configurations across the bidders.** As an option, **please provide itemized cost for any *suggested* accessories/add-ons that may enhance the usability, capability, accuracy or reliability of the tool.** Vendors are encouraged to quote for as many add-ons as their tool portfolio permits.
3. The technical bid and price bid should each be placed in separate sealed covers, superscripting on both the envelopes the tender no. and the due date. Both these sealed covers are to be placed in a bigger cover which should also be sealed and duly superscripted with the Tender No, Tender Description & Due Date.
4. The SEALED COVER superscripting tender number / due date should reach Chairperson’s Office, Centre for Cyber Physical Systems, Ground Floor, TCS SMART X Hub, Landmark: behind CeNSE and near D gate, Indian Institute of Science Bengaluru – 560 012 , India on or before due date mentioned in the tender notice. In case the due date happens to be a holiday, the tender will be accepted and opened on the next working day. If the quotation cover is not sealed, it will be rejected.
5. All queries are to be addressed to the person identified in “Section 1 – Bid Schedule” of the tender notice.

6. GST/other taxes, levies etc., are to be indicated separately. The BIDDER should mention GST Registration and PAN in the tender document (Indian Bidders only).
7. If price is not quoted in Commercial Bid as per the format provided in tender document the bid is liable to be rejected.
8. The Institute reserves the right to accept or reject any bid and to annul the bidding process and reject all bids at any time prior to the award of contract, without there by incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders.
9. The technical proposal must include references of at least 3 previous installations done in India within last 5 years of similar equipment from the equipment manufacturer. Please provide the names and contact addresses of the three independent referees so that the committee can contact them independently to get a reference.
10. Incomplete bids will be summarily rejected.

B) Cancellation of Tender:

Notwithstanding anything specified in this tender document, IISc Bangalore, in its sole discretion, unconditionally and without having to assign any reason, reserves the rights:

- a. To accept OR reject lowest tender or any other tender or all the tenders.
- b. To accept any tender in full or in part.
- c. To reject the tender, offer not confirming to the tender terms.

C) Validity of the Offer:

The offer shall be valid 90 Days from the date of opening of the commercial bid.

D) Evaluation of Offer:

1. The technical bid (Part A) will be opened first and evaluated.
2. Bidders meeting the required eligibility criteria as stated in Section 2 of this document shall only be considered for Commercial Bid (Part B) opening. Further, agencies not furnishing the documentary evidence as required will not be considered.
3. Pre- qualification of the bidders shall not imply final acceptance of the Commercial Bid. The agency may be rejected at any point during technical evaluation or during commercial evaluation. The decision in regard to acceptance and / or rejection of any offer in part or full shall be the sole discretion of IISc Bangalore, and decision in this regard shall be binding on the bidders.

4. The award of the contract will be subject to acceptance of the terms and conditions stated in this tender.
5. Any offer which deviates from the vital conditions (as illustrated below) of the tender is liable to be rejected:
 - a. Non-submission of complete offers.
 - b. Receipt of bids after due date and time and or by email / fax (unless specified otherwise).
 - c. Receipt of bids in open conditions.
6. In case any BIDDER is silent on any clauses mentioned in these tender documents, IISc Bangalore shall construe that the BIDDER had accepted the clauses as of the tender and no further claim will be entertained.
7. No revision of the terms and conditions quoted in the offer will be entertained after the last date and time fixed for receipt of tenders.
8. Lowest bid will be calculated based on the total price of all items tendered for Basic equipment along with accessories selected for installation, operation, preprocessing and post processing, optional items, recommended spares, warranty, annual maintenance contract.

E) Pre-requisites:

The bidder will provide the prerequisite installation requirement of the equipment along with the technical bid.

F) Warranty:

The complete system must be under a warranty period of 1 year including free support for technical issues in installation and operation of the equipment. Visiting costs, and accessories/spares involved in the repair and replacement of defective components within the warranty period shall be borne by the supplier. If the instrument is defective, it must be replaced or rectified at the bidder's cost within 30 days from the date of receipt of written communications from IISc, Bangalore. If there is any delay in replacement or rectification, the warranty period should be correspondingly extended.

G) Annual Maintenance Contract:

An annual / comprehensive maintenance contract for a period of 2 years post warranty may be provided on completion of the warranty period as an option.

H) Purchase Order:

1. The order will be placed on the bidder whose bid is accepted by IISc based on the terms & conditions mentioned in the tender document.
2. The quantity of the items in tender is only indicative. IISc, Bangalore reserves the right to increase /decrease the quantity of the items depending on the requirement.

3. If the quality of the product and service provided is not found satisfactory, IISc, Bangalore reserves the right to cancel or amend the contract.

I) Delivery, Installation and Training:

The bidder shall provide the lead time to delivery, installation and made functional at IISc, Bangalore from the date of receipt of purchase order. The system should be delivered, installed and made functional within 90 days from the date of receipt of the purchase order. The supply of the items will be considered as effected only on satisfactory installation and inspection of the system and inspection of all the items and features/capabilities tested by the IISc, Bangalore. After successful installation and inspection, the date of taking over of entire system by the IISc, Bangalore shall be taken as the start of the warranty period. No partial shipment is allowed. The bidder should also arrange for technical training for the users.

J) Payment Terms:

The payment will be determined after mutual discussions with the successful bidder.

K) Statutory Variation:

Any statutory increase in the taxes and duties subsequent to the bidder's offer, if it takes place within the original contractual delivery date, will be borne by IISc, Bangalore subject to the claim being supported by documentary evidence. However, if any decrease takes place the advantage will have to be passed on to IISc, Bangalore.

L) Disputes and Jurisdiction:

Any legal disputes arising out of any breach of contract pertaining to this tender shall be settled in the court of competent jurisdiction located within the city of Bangalore, India.

M) General:

1. All amendments, time extension, clarifications etc., within the period of submission of the tender will be communicated electronically. No extension of the bid due date/time shall be considered on account of delay in receipt of any document(s) by mail.
2. The bidder may furnish any additional information, which is necessary to establish capabilities to successfully complete the envisaged work. It is, however, advised not to furnish superfluous information.
3. The bidder may visit the installation site before submission of tender, with prior intimation.
4. All imported equipment should be quoted in the currency of the country of origin, and all locally sourced items should be quoted in Indian Rupees.
5. Any information furnished by the bidder found to be incorrect, either immediately or at a later date, would render the bidder liable to be debarred from tendering/taking up of work in IISc, Bangalore.

Section 4 – Technical Specifications

A. [Technical Specifications of the](#) Event Camera (Qty 1) satisfying the following specs in Table

Clause	Parameter	Minimum Required Specification	Vendor Compliance Statement (To be filled by bidder)
1	System Architecture		
	Vision System Type	Must be a hybrid system providing two distinct and simultaneous data streams: one asynchronous event-based stream and one synchronous frame-based stream.	
	Lens Mount	Must feature a standard C-mount or CS-mount. Vendor must specify any and all lens compatibility limitations	
2	Event-Based Sensor & Data Stream		
	Resolution	HD Resolution or higher ($\geq 1280 \times 720$ pixels).	
	Pixel Size	6.0 μm or smaller.	
	Latency	Timestamp accuracy of event data must be 1 millisecond or better. Typical latency from event to data availability should be specified and should be 150 μs or better.	
	Dynamic Range	Must be 100 dB or higher.	
3	Frame-Based Sensor & Data Stream		
	Shutter Type	Global Shutter. Rolling shutter sensors are not acceptable.	
	Resolution	HD Resolution or higher ($\geq 1280 \times 720$ pixels).	
	Frame Rate	Minimum of 60 frames per second at full resolution.	
	Pixel Type	Must support both Monochrome and Color (Bayer) output.	
4	Data Synchronization and Interface		
	Data Synchronization	Must feature a hardware-based synchronization mechanism to correlate event timestamps with frame acquisition times with a demonstrated accuracy of 1 millisecond or better.	
	Data Interface	Must utilize a high-speed, standard interface such as USB 3.0 (or higher) or Gigabit Ethernet (GigE).	
5	Inertial Measurement Unit (IMU)		
	IMU Integration	(Desirable) The system should preferably include an integrated 6-axis or 9-axis IMU.	

	IMU Synchronization	If an IMU is present, its data must be synchronized with the event stream with timestamps from the same clock source.	
6	Software Development Kit (SDK)		
	Core Functionality	SDK must provide full control over all sensor parameters (e.g., event biases, frame exposure/gain), data streaming, and access to all data types (events, frames, IMU if present).	
	Platform Support	SDK must be compatible with Ubuntu 20.04 or later.	
	ROS Support	(Desirable) Compatibility with the Robot Operating System (ROS 1 or ROS 2) is highly desirable. Vendor to specify the level of support.	
7	Physical and Environmental		
	Dimensions & Weight	Vendor must specify the dimensions (L x W x H) and weight (grams) of the camera head, excluding the lens.	
	Operating Temperature	Must operate reliably in a temperature range of at least 0°C to 45°C.	
	Power	Vendor must specify the power consumption (Watts) and power supply requirements (e.g., via USB, via GPIO).	

B. Training and demonstration

Training in usage of the machine (hardware and software) must be demonstrated by the successful bidder at bidder's cost to the end users at IISc, Bangalore. The vendor should be responsible for the complete system installation, functioning maintenance, and training by trained personnel. Bidders should clearly specify the after sales service/application support capabilities without any additional cost.
