CORRIGENDUM

1. Corrigendum to tender for electro-physiology-system-2d3depcathetersinstruments-and-accessories with reference IISc-Med-2025-26/G-30 dated on 12.01.2026.
2. From the next page onwards, the changes for the tender (corrigendum) are detailed, and the submission deadline has been extended to 9th February 2026.
3. Except for Points 1 and 2, all other terms and conditions of the original tender remain unchanged.

TENDER SPECIFICATION_CORRIGENDUM TO EARLIER REQUIREMENT

H	Consumables and Accessories
1	The equipment shall be supplied with:
1.1	All 2D catheters (ICE catheters and required hardware, if applicable, as optional).
1.2	All 2D ablation catheters.
1.3	All 2D simulator catheters.
1.4	All irrigation pump accessories and consumables.
1.5	All 3D catheters, excluding ICE catheters.
1.6	All 3D ablation catheters.
1.7	All 3D simulator catheters.
1.8	2D ICE consumables (optional).
1.9	3D ICE consumables (optional).
I	Additional Requirements
1	The vendor should propose the following models, as applicable:
1.1	Type 1: Full CAPEX model; details to be provided in Annexure XVI summary derived from annexure X (to be provided on the commercial only).
1.2	Type 2: Hybrid model – OPEX for 2D recording system, ablator, simulator, and its consumables + CAPEX for 3D EP mapping system and its consumables; details to be provided in Annexure XVI summary derived from annexure XI and XIII (to be provided on the commercial only).
1.3	Type 3: Hybrid model – CAPEX for 2D recording system, ablator, simulator, and its consumables + OPEX for 3D EP mapping system and its consumables; details to be provided in Annexure XVI summary derived from annexure XII and XIV (to be provided on the commercial only).
1.4	Type 4: Full OPEX model – 2D recording system, ablator, simulator, 3D EP mapping system, and its consumables; details to be provided in Annexure XVI summary derived from annexure XV (to be provided on the commercial only).
2	The vendor should provide an annexure based on an indicative volume of 200 procedures. These volumes are approximate and are provided solely for comparative evaluation of the price bids. They should not be construed as a guaranteed or committed volume by the Indian Institute of

	Science (IISc), if the model is applicable.
3	For OPEX or hybrid models:
3.1	The vendor shall be responsible for the complete lifecycle of the equipment for the entire contract duration. This includes supply, installation, commissioning, software licenses, upgrades, preventive and corrective maintenance, replacement of faulty components, and ensuring continuous clinical availability as per agreed uptime commitments.
3.2	All comprehensive maintenance activities, including spare parts, system-specific consumables (excluding procedure consumables), labor, and technical support, shall be included in the OPEX arrangement for the full contract period.
3.3	Upon completion or termination of the contract, the ownership of the equipment and terms regarding continued operation, buyout, renewal, de-installation, or post-contract maintenance support shall be mutually discussed and agreed upon in writing between the purchaser and the supplier, in accordance with institutional policies and mutually acceptable commercial and technical terms.
4	The procurement and supply of equipment shall be executed in a phased manner, subject to the requirements and priorities as determined by the Client. The sequence, timelines, and quantum of each procurement phase will be communicated in writing by the Client during the awarding of order. The Vendor shall comply with such directives and ensure timely readiness to supply, install, and commission equipment as per the approved phased plan.
5	The bidder shall provide a Rate Contract for 3 years from the date of supply/installation/commissioning, covering system-specific consumables and accessories for the CAPEX model, if applicable.
6	A complete itemized list of all consumables and accessories, including model/reference numbers and unit of measurement, shall be submitted in the Technical Offer (without prices)
7	The corresponding unit prices for the same items shall be submitted only in the Commercial Offer.
8	The vendor should specify the country of origin for all the quoted model.
